8 January 1958

**MEMORANDUM FOR: Acting Director of Operations**

**SUBJECT : Procedure for Providing Information to AFOIN**

**REFERENCE : Memorandum from Acting Director of Operations  
to Project Director dated 7 January 1958 --  
TS-164826**

This will confirm my conversation with you concerning the arrangement outlined in your referenced paper. I feel we should interpose no objection to Colonel Taylor's proposal, provided it is satisfactory to Lt. Col. Leo Geary and that he assures us he sees no objection to it from the Air Force standpoint. I suppose Lt. Col. Geary will want to discuss it with the Reconnaissance Section of the Operations Directorate and that this organization may prefer an arrangement whereby information is routed through them to AFOIN but on a more expedited basis. We should not, however, enter into any difference that may arise. I would appreciate it if you would explore this with Lt. Col. Geary and firm up any arrangement that is mutually satisfactory.

**RICHARD M. BISSELL, JR.  
Project Director**
